MOD8032B

Modulator® High-Powered Speaker Array

Federal Signal's Modulator High Powered Speaker Array offers the same proven technology as the original Modulator with the exception of a smaller compact chassis. Modulator provides a flat frequency response up to 2000Hz producing intense warning signals and digital voice messaging over a large area. The Modulator design enables the siren to produce a high sound level and intelligible voice communications.

UltraVoice Electronic Siren Controller - High Band

The Federal Signal UltraVoice® controller combines micro-processor based system control with highly efficient amplifiers to deliver optimized tones and voice capability for electronic sirens. The UltraVoice controller can generate and amplify single or dual frequency warning tones and comes with seven pre-set warning signals. In addition, the controller has been designed specifically to reproduce high quality live or pre-recorded-voice capability.

The UltraVoice Controller can report status back to a central control point utilizing the secure Commander Software System protocol. It provides status for AC Power, Battery Voltage, Charger, Amplifier Voltage & Current, Quiet Test, Intrusion, Local Activation, and SD Card Status.

Sales Tax

All quotes exclude sales tax. If your organization qualifies for sales tax exemption in your area, we kindly request that you provide the necessary details by submitting a Sales Tax Exemption Form with your order.

Credit Card Purchases

Please indicate upon acceptance whether you will be paying by credit card as a customer. Our internal sales team will contact you via phone to process the credit card payment.

Terms & Conditions

Prices are firm for 30 days from the date of quotation unless shown otherwise. Upon acceptance, prices are firm for 6 months. This quotation is expressly subject to acceptance by Buyer of all Terms stated in the Terms document, available for download on this quote. Any exception to or modification of such Terms shall not be binding on Seller unless expressly accepted in writing by an authorized agent or Officer of Seller. Any order submitted to Seller on the basis set forth above, in whole or in part, shall constitute an acceptance by Buyer of the Terms. Any such order shall be subject to acceptance by Seller in its discretion. If the total price for the items set forth above exceeds \$50,000 then this quotation IS ONLY VALID if countersigned below by a Regional Manager of the Safety & Security Systems Group, Federal Signal Corporation. Installation is not included unless specifically quoted as a line item above. Adverse Site Conditions, including rock, caving soil conditions, contaminated soil, poor site access availability, and other circumstances which result in more than 2 hours to install a pole, will result in a \$385.00 per hour fee, plus equipment. Trenching is additional. Power Clause, bringing power to the equipment is the responsibility of the purchaser. Permit Clause, any special permits, licenses or fees will be additional.
